Sir Stelios requests the pleasure of the company of all 121 Cass Stelios Scholars – past and present – to a reception with drinks and canapés. We are delighted that interim Dean of Cass business school Paolo Volpin and Professor Costas Grammenos will be joining us for the event.

The Stelios Foundation already offers 4 postgraduate scholarships annually worth £10,000 each. In addition the Foundation covers the costs of a Programme Lead position - the current holder is Dr Nikos Papapostolou ([n.papapostolou@city.ac.uk](mailto:n.papapostolou@city.ac.uk)), who is there to help all Stelios Scholars past and present.

Donations towards future scholarships by past Stelios Scholars of any amount – large or small – will be gratefully accepted on the night by credit card or by bank transfer if you are unable to attend. The Stelios Foundation will round up the total to the nearest £10k to pay for the additional Scholarships due to start in September 2020.
